Dear Pastor and Friends,

Warm greetings from Thailand!

Tai recently led a lady to the Lord. Naam is the friend of someone that comes to our church. Naam was orphaned at a young age, so has mostly lived on her own. She has been asking her friend a lot of questions, and she prayed and said, "God if you are the real God, please help me – I do not want to go to work in Japan, even though they have trained me and I've been learning Japanese." A month later, her boss called her in and said she didn't have to go to Japan, which she then knew that God was real. The following Sunday she came to church with her friend and for the first time heard the preaching. It really touched her heart, and she told Tai she was ready to get saved, and Tai prayed with her.

I had the joy of leading Corn and his wife to the Lord a few weeks ago. Corn is a friend of another of our church members, and they work together. Oaf has been witnessing to Corn for 2 years. Corn's life has been difficult, and he felt tired of life and didn't have any hope. Oaf told him there is hope in Jesus Christ and invited him to come to church. The Lord opened his heart, and he got saved after church. He told Oaf that after he prayed, he felt like someone opened their hands and he saw the light. He felt such a peace!

Please pray for Naam, Corn and his wife, as they are faithful in coming to church. Pray they will continue to grow in knowledge and understanding.

As restrictions have been easing in our village, our people have had more freedom to go and give out tracts. However, people are still very scared of the covid virus, but we still want to be faithful to serve the Lord in this area.

Our son Joshua (11 years old), got saved last year. Joshua has a tender heart and is faithful in helping and serving in the church, especially with the music. He recently talked with me and said he felt ready to get baptized. It was a joy for us to witness him taking this step of obedience to our Lord. Please pray he will stay tender to the Lord.

Sincerely, Joe & Tai
